

Defensive Driving Training

Course Overview

Motor vehicle collisions are the leading cause of death and injury in the workplace. A single accident could be extremely costly. Most road accidents are caused by driver error. To reduce the likelihood of being involved in an accident you need to understand the concepts of “defensive driving.” This course will provide you with standard accident-preventing techniques.

Defensive Driving has been an effective solution to

- Control liability costs associated with work-related vehicle crashes
- Reduce insurance premiums and fleet repair bills
- Reduce motor vehicle incident rates
- Decrease workers’ compensation claims
- Improve productivity by keeping employees safe, on and off the job
- Protect your brand by improving public perception of your driving practices.
